<p>The gaskets are already preassembled (already mounted into the thermal break (adhesive)).</p> <p>Other shapes and dimensions on demand (info@mostdefined.com)</p>		

Prices for mounted gaskets. According to terms and conditions of Most Defined Building Products.

price list 2021

ECOLITE facade clips

Thermally broken Façade clips from "ECOLITE":			Price per unit:
ECOLITE clip V2-1-80 100 mm (onto concrete, horizontal subframing)		USD 09.60	
ECOLITE clip V2-2-60 100 mm (onto studs, horizontal subframing)		USD 08.85	
ECOLITE clip k-GP-1-80_s 140 mm (onto concrete, vertical subframing)		USD 09.60	
ECOLITE clip k-FP-1-120_s 140 mm (onto concrete, vertical subframing)		USD 10.45	
ECOLITE clip k-GP-2-80 140 mm (onto studs, vertical subframing)		USD 09.75	
ECOLITE clip k-FP-2-120 140 mm (onto studs, vertical subframing)		USD 11.60	
All other ECOLITE clips and dimensions on demand (also tailored), info@mostdefined.com			

If comparing the prices of different façade clips (different brands), be sure you do not compare apples with oranges. How many clips per m2 of façade (or per SFT) do you need? (effects also labor!), be aware that labor for installing varies many times from product to product and **be aware that performance may differ greatly!**
